Facilitated by

SMART TRANSFORMATION

- Childcare
LF provided an update on the Childcare Project. STAC leads for the project met with IRC in the week beginning 2 August. IRC is reviewing the report and considering next steps. The discussion included forming a group to address the report actions. LF noted that there are some key differences between the challenges in Dysart and Moranbah.
- Digital Connectivity
In SM's absence, KC provided an update on the progress of this project. A communications plan is currently with funding partners BHP and Telstra to review. Communications are expected to commence at the end of August and Telstra will have people on the ground at the end of August. The next Steering Committee meeting is scheduled for 19 August.
- Youth Skills and Training
 - KC advised that funding for the Careers Navigator role, to be shared between Dysart and Moranbah High Schools, had been approved by BMA to be delivered via the Queensland Future Skills. Next steps are for the QFS partners to meet with the High School Principals to determine next steps.
- Transport Project
Potential partner in the project, Hinterland Community Care, have briefed Mayor Baker on the project and discussions are continuing with Council to progress this project.

Roadmap Decisions

MI shared feedback from the YAC on their review of the importance of the new Roadmap priority projects.

- Housing and Industrial Land Projects

Both projects have been on hold pending feedback from IRC. The Secretariat has followed up with IRC since the last meeting, and STAC members agreed these projects should continue to move forward.

- Mining/Ag Roundtable

STAC members discussed the scope provided and agreed to progress with arrangements for the Roundtable.

- Community Skills and Training

STAC members agreed that it would be valuable to engage with local groups about their training and skills development needs and then tailor a training project to respond to that feedback. STAC members endorsed the Secretariat commencing this first stage.

ACTION: Secretariat to progress these projects.

ADVERTISING CAMPAIGN DISCUSSION

MI shared the draft advertisements developed by the agency for use in a range of local publications and on social media. STAC members expressed support for the draft advertisements.

ACTION: Secretariat to progress the advertising program.

QUEENSLAND GOVERNMENT LETTER

STAC members supported the submission of the draft letter provided to the Queensland Resources Industry Development Plan.

ACTION: Secretariat to action this submission.

Meeting closed at 6.45 with next meeting date to be advised.
